Table Tennis

Carrom

Chess

SECTION 1 · LEAGUE OVERVIEW

Event Name	Odyssey Sports League 2026
Organiser	BNI Odyssey
Tagline	Odyssey Let's Play
Teams	8 teams
Players per Team	12–15 players including team owners; the 15th slot is optional
Format	Two league groups of four → top 2 of each group to Semi-Finals → Final + 3rd-place play-off
Sports	Pickleball · Badminton · Table Tennis · Carrom · Chess
Champion	Highest total Championship Points across all five sports (see Section 2)

1.1 Player Categories & Grading

Each team is built from the seven categories below. The Sports Committee (SC) grades every player from self-assessment forms and observed ability to keep teams balanced and competitive.

Category	Description
Marquee – Men Pickleball	Specialist marquee — Pickleball; strong male all-rounder
Marquee – Men Badminton	Specialist marquee — Badminton
Marquee – Men Table Tennis	Specialist marquee — Table Tennis
Marquee – Women	Top-tier female player across sports
Men General A	Competent male players; strong across sports
Men General B	Recreational male players
Women General	Female players

Final categorisation rests with the Sports Committee. SC grading decisions are final and binding.

1.2 Squad Composition per Team

Each team is a squad of 12–15 players (including owners). Because only the compulsory numbers must be fielded (6 per racket sport, 2 for Carrom, 1 for Chess = 21 slots), a squad as small as 12 can field every sport with each player playing a maximum of two sports. Larger squads simply carry more optional depth.

#	Slot	#	Slot
1	Men Marquee — Pickleball	9	Men General B
2	Men Marquee — Table Tennis	10	Men General B
3	Men Marquee — Badminton	11	Men General B
2	Men General A	12	Women Marquee
5	Men General A	13	Women General
6	Men General A	14	Women General
7	Men General A	15	Women General / Men General B (optional)
8	Men General B		

Base squad = 14 players (11 men + 3 women, including owners): 1 each Men Marquee PB/TT/BM, 4 Men General A, 4 Men General B, 1 Women Marquee, 2 Women General. The optional 15th player is a 3rd Women General. With 118 registered entries — men fill 11 × 8 teams, and the women fill 2 per team plus a 3rd woman as the 15th player for the teams that carry one.

🔗 Why 14–15? Across the five sports each team fills 30 nomination slots (Pickleball 8, Badminton 8, Table Tennis 8, Carrom 4, Chess 2). In a team of 15, every player plays a maximum of 2 sports ($15 \times 2 = 30$ — exactly enough). In a team of 14 players, a Men General B or Women General player may play a 3rd sport to cover the gap, but gender preference is given to the opposition.

SECTION 2 · TOURNAMENT STRUCTURE & CHAMPIONSHIP

2.1 Format Overview

The eight teams are drawn into two groups of four (Group A and Group B) by the Sports Committee. The league is contested across all five sports; every sport ranks all eight teams, and every sport contributes Championship Points to the overall standings. Two structures are used, depending on the sport:

2.2 How Each Sport Is Decided

Racket sports (Pickleball, Badminton, Table Tennis) — group stage + knockout:

- Group stage: within each group, all four teams play a round-robin in that sport.
- The top two teams from each group qualify for that sport's Semi-Finals (Group A #1 vs Group B #2, and Group B #1 vs Group A #2).
- Final decides 1st & 2nd; the 3rd-place play-off (the two Semi-Final losers) decides 3rd & 4th.
- The four teams that do not reach the Semi-Finals are ranked 5th–8th by their group-stage standing (see §2.7).

Carrom & Chess — pure league:

- A single round-robin across all eight teams (no knockout) — each team plays 7 league matches. The final league table ranks every team 1st–8th.

2.3 Championship Points — Every Rank Scores, Weighted by Participation

Every team earns Championship Points based on its final rank in each sport — not just the podium. The three racket sports (8 players) are the benchmark and carry the highest points; Carrom and Chess carry slightly reduced points but are kept close to the racket value so every team has a real incentive to field and win them too.

Placing	Pickleball / Badminton / Table Tennis	Carrom	Chess
🏆 1st	1000	800	800
🏆 2nd	900	700	700
🏆 3rd	800	600	600
4th	700	500	500
5th	600	400	400
6th	500	300	300
7th	400	200	200
8th	300	100	100

🔗 Every team scores in every sport, so no team is out of the overall race — even 8th place earns points. The 4th-placed racket team (the 3rd-place play-off loser) earns 700. Chess and Carrom are worth 800 down to 100, deliberately close to the racket values so they are worth winning. Maximum possible haul if a team tops all five sports: $3 \times 1000 + 800 + 800 = 4600$ points.

2.4 Carrom & Chess — Pure League

Carrom and Chess are played as a pure league — a single round-robin in which each team plays 7 matches, with no knockout. All eight teams are ranked by the final league table and earn the weighted points for their rank shown in §2.3 (Carrom column and Chess column).

✂ Adopted per the organiser's preference: Carrom and Chess run as pure leagues rather than a knockout. If the committee later prefers a knockout to mirror the racket sports, this section can be switched over.

2.5 Overall Champion & Tie-Breakers

The Overall League Champion is the team with the highest total Championship Points summed across all five sports; Runner-Up and Third Place are the next-highest totals. If two or more teams finish level on total points, the following count-back is applied in order until the tie is broken:

#	Tie-Breaker	How Applied
1	Most 1st places	Count of sports won outright
2	Most 2nd places	Then most 3rd places, then 4th, and so on down the ranks
3	Head-to-Head	Combined results between the tied teams across all five sports
4	Drawing of Lots	Final tie-breaker if everything above is equal

2.6 Participation & Competition Principle

The league is designed so that the group stage maximises participation while the knockouts stay sharply competitive:

- **Group stage — squads stay involved.** Teams may nominate up to 8 per racket sport so squads stay involved, but selection is at the captain's discretion — only the compulsory 6 must take the court.
- **Knockouts — best team plays.** In the Semi-Finals, Final and 3rd-place play-off, teams field their strongest legal line-up.

2.7 Ranking 5th–8th in Racket Sports (Across the Two Groups)

The four teams that do not reach the Semi-Finals sit in two different group tables and have not played each other, so 5th–8th are decided by comparing group-stage records — no extra matches are needed:

- 5th & 6th: the two 3rd-placed teams; 7th & 8th: the two 4th-placed teams.
- Within each pair, the higher rank goes to the team with (a) more group-stage wins; then (b) better point/game difference; then (c) more points scored; then (d) drawing of lots.

✂ Both groups play the same number of matches, so records compare directly. If court time permits, the committee may instead stage cross-group placement matches (3rd vs 3rd for 5th/6th, 4th vs 4th for 7th/8th) — two extra matches per racket sport.

2.8 Tie-Breakers Within a Sport

Within a single sport — a pure-league table (Carrom/Chess) or a racket group table — teams level on match points are separated in this order:

- Head-to-head result between the tied teams;
- then match / board / set difference (points, coins or round-scores for minus against);
- then total points / coins / round-scores;
- then drawing of lots.

SECTION 3 · MATCH COMPOSITION (RACKET SPORTS)

Applies to: Pickleball, Badminton and Table Tennis.

3.1 Squad Nomination — Compulsory & Optional

Each team must nominate at least the compulsory number for every sport and may add the optional players as squad depth:

Sport	Compulsory (must field)	Optional (may add)	Gender rule
Pickleball	6 (5 M + 1 F)	up to 2 more (1 M + 1 F) = max 8	At least 1 woman on court at all times
Badminton	6 (5 M + 1 F)	up to 2 more (1 M + 1 F) = max 8	At least 1 woman on court at all times
Table Tennis	6 (5 M + 1 F)	up to 2 more (1 M + 1 F) = max 8	At least 1 woman on court at all times
Carrom	2	up to 2 more = max 4	Gender-neutral
Chess	1	1 more optional = max 2	Gender-neutral

 **AT LEAST ONE WOMAN MUST BE IN THE PLAYING 6 IN EVERY RACKET MATCH** — a team may never field six men. Teams must field the compulsory numbers; the optional players are squad depth, not an obligation. A team may nominate up to 8 for a racket sport but is free to play with 8, 7 or just the compulsory 6. There is no longer any requirement to rotate every nominated player through the match.

- **Every player may play a maximum of 2 sports across the five sports (Pickleball, Badminton, Table Tennis, Carrom, Chess).** Sole exception: if a team has only ONE woman available, she plays all three racket sports by default (a 3rd sport). A 3rd sport is NEVER permitted for a male player — the 2-sport cap on men is absolute, so teams must plan their male nominations accordingly. A player may be nominated for just one sport if that suits the team.
- **Squad depth, not forced rotation:** the optional 7th and 8th players give a team cover for injury, fatigue and absence. Teams choose their line-up freely — there is no obligation to give every nominated player court time, and the earlier compulsory-substitution rule no longer applies.
- **Everyone plays at least once:** every squad member must be nominated for and play at least ONE sport across the league, even if only a single match. No player may go the whole league without playing.

3.2 Team Rotation Format

- The 6 playing players are divided into 3 pairs (Pair A, Pair B, Pair C), declared to the referee before the match; the order cannot change once play begins.
- **Two women cannot pair together.** Each woman on court must be in a mixed pair with a male partner. With the compulsory 5 M + 1 F on court, one pair is mixed and the other two are all-male; if a team fields 2 women, they must be in two different mixed pairs.
- Rally scoring — a point is scored on every rally regardless of who served.

Phase	Pair on Court	Score Range	Rotation Trigger
Phase 1	Pair A	0 → 7	Either team reaches 7
Phase 2	Pair B	7 → 14	Either team reaches 14 (score is NOT reset)
Phase 3	Pair C	14 → 25	First team to 25 wins (Golden Point at 24–24)

 Scores are NEVER reset at rotation. Pair B picks up from 7; Pair C from 14. The match is one continuous game to 25.

3.3 Golden Point

- If the score reaches 24–24, a single Golden Point rally decides the match. The team that wins the rally wins the match.

3.4 Switch Time

- Pairs switching at 7 and 14 have a maximum of 30 seconds to take position on court/table.
- Failure to comply within 30 seconds may result in a penalty point to the opponent at the referee's discretion.

3.5 Substitution & Injury Cover

- A team that has nominated 7 or 8 players for a racket sport covers injury from its own bench. If a team has nominated only the compulsory 6 and loses a player to injury, a squad member who is so far nominated for only ONE sport may step in and is accepted as a substitute — this becomes that player's 2nd sport. A male player may never be taken to a 3rd sport; only the sole-woman case in §3.1 allows a 3rd sport.

SECTION 4 · COMMON IN-GAME RULES (RACKET SPORTS)

4.1 Dispute Resolution

- In-game disputes (referee calls, line calls) must be raised with the on-court referee immediately.
- The referee's decision is final and binding on all in-game matters. The Sports Committee will not intervene in in-game fault-call decisions.

4.2 Fault-Call Challenge

- Only an in-game player or the Team Captain may appeal a point call to the referee.
- The referee may accept or reject any challenge. Challenges raised to disrupt, distract or delay play will be rejected.
- Each team may make a maximum of 1 challenge per phase (1 in Phase 1, 1 in Phase 2, 1 in Phase 3). A successful challenge is not deducted from that phase's entitlement.

4.3 Timeouts

Type	Allowance	Duration	Conditions
Standard	1 per team per game	1 minute	Called at any stoppage; not mid-rally
Medical	As needed	Max 3 minutes	Injury only; substitute permitted if player cannot continue

4.4 Injury Substitution

- Only injured players may be substituted mid-match. After a 3-minute medical timeout, if unable to continue, a bench player steps in.
- Once substituted due to injury, the player is not guaranteed further matches in that sport. The opposing team retains the right to permit or deny the injured player's return in that specific match.

4.5 Match-Day Player Replacement

- If a team has fewer than the required players on match day, a like-for-like replacement may be permitted case-by-case, with Sports Committee approval. Replacements must come from the registered squad unless the SC explicitly approves otherwise.

SECTION 5 • PICKLEBALL

Format	Team Doubles — 3 pairs, rotation at 7 & 14
Scoring	Rally scoring · First to 25 · Golden Point at 24–24
Championship Pts	Weighted by final rank — every team scores (see §2.3)
Court	Standard Pickleball court (13.4m × 6.1m)
Net Height	34 inches at centre · 36 inches at posts
Equipment	Approved composite/graphite paddle + organiser-provided ball · Non-marking shoes mandatory
Players/Match	6 on court (3 pairs) — 5 M + 1 F compulsory

5.1 Serving

- Serve must be underhand; paddle face below the server's wrist at contact.
- Delivered diagonally cross-court into the opposite service box, clearing the Kitchen.
- One service attempt. A let serve (clips net, lands in) is replayed once.
- Service transfers to the opponent on every point lost. The incoming pair chooses its starting server.

5.2 Kitchen (Non-Volley Zone)

- Players may not volley while standing in or touching the Kitchen.
- Players may enter the Kitchen to play a ball that has bounced inside it.
- Momentum carrying a player into the Kitchen after a volley is a fault.

5.3 Double-Bounce Rule

- After the serve, the receiving team must let the ball bounce once before returning; the serving team must then let the return bounce before playing it. After these two bounces either side may volley freely.

5.4 Faults

- Ball out of bounds / fails to clear the net · serve lands in the Kitchen · volleying from within or touching the Kitchen · double-hit by the same player · player touches the net during a rally.

 Every fault = 1 point to the opposing team (rally scoring).

5.5 Side-Switch (Position) Rule

- Partners keep designated left/right court positions. Players may switch sides during a rally, but must return to their original positions before the next serve is played.
- If a player switches side mid-game and then fails to revert to the original side after the point — continuing to play from the wrong side — the offending team stands to lose the point(s) played from the wrong position once the referee, or the opposing team, points it out.

5.6 Changing Ends

- Teams change ends when the leading team first reaches 14 points, to neutralise any court-side advantage. This coincides with the Pair B → Pair C rotation, so the end change and the pair change happen together.

 Ends change at 14 points — the same moment Pair C comes on — so the switch is clean and happens only once per game.

SECTION 6 · BADMINTON

Format	Team Doubles — 3 pairs, rotation at 7 & 14
Scoring	Rally scoring · First to 25 · Golden Point at 24–24
Championship Pts	Weighted by final rank — every team scores (see §2.3)
Court	Standard doubles court (13.4m × 6.1m)
Net Height	1.55m at posts · 1.524m at centre
Equipment	Feather shuttlecocks (BWF-approved) + standard racket · Non-marking shoes mandatory
Players/Match	6 on court (3 pairs) — 5 M + 1 F compulsory

6.1 Serving

- Underhand service; shuttle struck below the server's waist. Server and receiver stationary until the shuttle is struck.
- Serve travels diagonally into the correct service court. In doubles, either partner may serve from the correct court.

6.2 Court Zones — Doubles

- On service: narrow side tramlines are OUT; the short service line applies. During a rally: wide tramlines are IN and full court length is in play. A shuttle landing on any boundary line is IN.

6.3 Faults & Lets

- Faults: shuttle out / fails net / racket above waist on serve / double-hit / touching net / reaching across net.
- Lets: shuttle caught in net during a rally / receiver not ready / external disturbance.

SECTION 7 · TABLE TENNIS

Format	Team Doubles — 3 pairs, rotation at 7 & 14
Scoring	Rally scoring · First to 25 · Golden Point at 24–24
Championship Pts	Weighted by final rank — every team scores (see §2.3)
Table	ITTF standard (2.74m × 1.525m, height 76cm)
Net Height	15.25cm
Equipment	ITTF-approved bats (red & black sides) + 40mm plastic ball · Non-marking shoes mandatory
Players/Match	6 on court (3 pairs) — 5 M + 1 F compulsory

7.1 Serving

- Ball on an open flat palm, tossed vertically ≥16cm, struck on the way down.
- Doubles: serve must be diagonal — server's right half to receiver's right half. Service alternates every 2 points within each pair.

7.2 Doubles Alternating-Strike Rule

- Partners must alternate strokes every time the ball crosses the net. Failure to alternate is a fault (point to the opponent). This rule continues across Odyssey rotation points.

7.3 Faults & Lets

- Fault: ball misses table / free hand touches table / player moves the table.

- Let: serve clips net correctly (replayed once) / receiver not ready / external interference.

 Rally scoring: every fault = 1 point to the opponent immediately.

SECTION 8 · CARROM

Format	Doubles, 2 boards · Nominate 2 (compulsory) up to 4 · Gender-neutral · Pure League (7 matches)
Match Format	2 boards per match; higher aggregate points across both boards wins. Teams nominate 2 players compulsorily and may add up to 2 more (max 4).
Championship Pts	Weighted by league rank — every team scores (see §2.3)
Equipment	74cm × 74cm board · 9 white + 9 black coins · 1 red queen · 1 striker
Win Condition	Pocket all own coins and cover the queen
Players/Match	2 per board; pairing at the team's discretion

8.1 Nomination & Pairing

- Each team must nominate at least 2 players for Carrom and may nominate up to 4. Nominations are gender-neutral. Both boards are played, and how a team staffs them is entirely its own choice: it may put a different pair on each board, change just one player between boards, or play the same pair on both. There is no requirement for all four nominated players to feature.

8.2 Toss & Break

- Each match is two boards played by the two pairs (Pair 1 → Board 1, Pair 2 → Board 2). The team with the higher combined points across both boards wins the match; equal aggregate is a drawn match.
- On each board, the winner of the toss chooses the break (first strike).

8.3 Striking Rules

- For back-shots you may use only your thumb or the scissors technique.
- No part of the body except the hand may cross the imaginary diagonal line; the elbow may not protrude over the frame in front of you, and feet/knees may not leave your quadrant.
- Tapping is not allowed before a move.

8.4 The Queen

- The red queen may be pocketed any time after you have sunk your first piece, but must be sunk before your last.
- After pocketing the queen you must cover it — sink one of your carrommen into any pocket on the next shot — or the queen returns to the centre spot.
- Once the queen is covered, whoever clears all their carrommen first wins the board. Queen bonus (5 pts) is tracked for tie-breakers only.

SECTION 9 · CHESS

Format	Singles — one player represents the team per round · Pure League (7 rounds)
Squad	1 nominated player compulsory, a 2nd optional (gender-neutral); one plays per round and may change between rounds
Time Control	Rapid — 10 minutes per player (whoever's 10 minutes runs out first loses that game)
Round Result	Win = 1 point, draw = ½ point, loss = 0 — added to the team's league tally
Championship Pts	Weighted by league rank — every team scores (see §2.3)
Players/Match	1 per team per round

9.1 Match Format

- Each team must nominate at least 1 player for Chess and may nominate a 2nd as optional cover. One nominated player represents the team in each round, and the player may change from round to round. Non-playing team members are not allowed inside the playing arena during the round.
- Rapid game: each player has 10 minutes on the clock for the whole game. The first player whose 10 minutes runs out loses the game, regardless of the position on the board (unless the opponent has no way to checkmate, in which case it is a draw).
- **Scoring — how it feeds the league:** the round result gives the team 1 point for a win, $\frac{1}{2}$ for a draw, 0 for a loss. These points are added up across all 7 rounds to build the Chess league table (e.g. 4 wins + 1 draw + 2 losses = 4.5 points). The eight teams are then ranked by total points, and that final rank is what earns the Championship Points in §2.3 (1st = 800, 2nd = 700, and so on).
- League standings after 7 rounds rank all eight teams; §2.8 tie-breakers apply.
- Across the league, every nominated Chess player must play at least one round (participation rule).

9.2 Board Setup & Draws

- Set the board with a white square in the nearest row on the right (white on the right); otherwise the king and queen are mixed up. White always moves first. Board setup and board numbers are displayed by the organisers.
- Pairing draws are displayed 10 minutes before the start of every round.

9.3 Clock & Touch-Move

- The clock is operated with the same hand that plays the piece. The first player whose 10 minutes runs out loses the game (a flag-fall loss).
- Touch-move: the first piece touched must be moved; while the hand has not released the piece on a new square, any legal move may be made with it. Moves once made cannot be taken back under any circumstances.
- An illegal move may be corrected once with a time penalty at the arbiter's discretion; a second illegal move by the same player loses the game.
- Mobile phones must be switched off and away from the board.

✂ Chess and Carrom playing rules follow the ICPL coordinators format, adapted to OSL: Chess is rapid singles (10 minutes per player, one player per round); Carrom is 2 boards per match with both pairs playing.

SECTION 10 · PLAYER AUCTION RULES

The Odyssey Sports League uses a structured player auction to build balanced, competitive teams. All 8 team owners participate as bidders.

10.1 Auction Overview

Purse per Team	₹50,00,000 (Fifty Lakhs)
Auction Format	Open ascending-bid auction, category by category
Auctioneer	Sports Committee (SC) conducts and moderates the auction
Bid Increments	Set per category by the Sports Committee
Right to Match (RTM)	Available — RTM price is determined as per the player's category
Squad Requirement	Each team must end with 14–15 players (base 14 = 11 M + 3 W incl. owners; five teams add a 15th player)
Remaining Purse	Unspent purse is non-transferable and does not carry over

10.2 Base (Auction) Prices by Category

Category	Base Price	Notes
Marquee – Men Pickleball	₹2,50,000	Sport specialist
Marquee – Men Badminton	₹2,50,000	Sport specialist
Marquee – Men Table Tennis	₹2,50,000	Sport specialist
Marquee – Women	₹1,25,000	Top-tier female player
Men General A	₹1,00,000	Strong all-round male player
Men General B	₹60,000	Recreational male player
Women General	₹30,000	Female player

🔗 Per-category figures (base / increment / match-bid unlock / unsold re-entry, ₹): Men Marquee — 2,50,000 / 50,000 / 7,50,000 / 5,00,000. Women Marquee — 1,25,000 / 25,000 / 3,75,000 / 2,50,000. Men General A — 1,00,000 / 25,000 / 3,00,000 / 1,00,000. Men General B — 60,000 / 15,000 / 1,80,000 / 60,000. Women General — 30,000 / 10,000 / 90,000 / 30,000. The SC may revise these before the auction.

10.3 Right to Match (RTM)

- The Right to Match is available in the Odyssey auction. A team may match the highest bid for an eligible player to retain/acquire them.
- The RTM price is determined as per the player's category, in line with the base-price structure above. The Sports Committee confirms RTM eligibility and the exact matching amount for each category before the auction.

10.4 Auction Order

The auction proceeds category by category: Men Marquee Pickleball → Men Marquee Table Tennis → Men Marquee Badminton → Marquee Women → Men General A → Men General B → Women General. Within each round, players are nominated in a random SC-drawn order. Team owners are auctioned within their respective category rounds (see §10.6).

10.5 Bidding Rules

- Bidding opens at the player's base price; any team may open. Bids must follow the category increment set by the SC.
- A team may not bid if doing so would leave it unable to complete its mandatory 14-player base squad at base price.
- The highest bid at the auctioneer's hammer wins the player; the amount is deducted immediately from that team's purse.
- A team that exhausts its purse before completing its minimum squad has its remaining mandatory slots filled at base price from unsold players, subject to SC approval.

10.6 Owner Gradation

Team owners are players too and are assigned to their own teams as follows:

Owner Category	Auction Price	Rule
Marquee owner (male/female)	Category average	Not individually auctioned; priced at the average final sale price of the other players in the same Marquee category. Deducted at the end of that category round.
Men General A owner	2× base price	Assigned to their own team at 2× the Men General A base price.
Men General B owner	1.5× base price	Assigned to their own team at 1.5× the Men General B base price.
Women General owner	1.5× base price	Assigned to their own team at 1.5× the Women General base price.

10.7 Squad Requirements at Auction Close

- Each team must hold exactly the mandatory composition in §1.2 — subject to owner-category adjustment (§10.6).
- If an owner falls into a category (e.g. a Marquee Badminton owner), that team's requirement to buy that category in the open auction is waived — one fewer slot to fill in that category.
- Squad at close: 14–15 players including owner, matching the composition in §1.2 (base 14 = 11 men + 3 women; the 15th slot applies to five teams).

10.8 Unsold Players

- A player is unsold if no team bids or bidding does not reach the base price. Unsold players are set aside and re-nominated in a second pass at the end of their category round.
- Second-pass base price for unsold Marquee players is 2× their original base. If still unsold, the SC reassigns them to a team with available purse at the 2× price, prioritising teams with the fewest Marquee players.
- **Last marquee in a pool:** when only one player remains in a Marquee pool (each Marquee pool has 8 players for 8 teams, so the last one has no bidding competition), that final marquee is also sold at 2× the base price to the one remaining team that still needs the category.
- Unsold General A, General B and Women General players are re-auctioned at their original base price in the second pass.

SECTION 11 · CODE OF CONDUCT & GENERAL RULES

11.1 Conduct

- All players, owners, coaches and supporters must maintain sportsmanship at all times. Abusive, discriminatory or offensive language is prohibited and may result in disqualification.
- Only the Team Captain may raise a formal protest. Players must accept referee/arbitrator decisions without dissent.

11.2 Punctuality

- Teams must arrive at least 10 minutes before scheduled match time; a 5-minute grace period applies. After 5 minutes the match may be awarded to the opponent. The SC may grant extensions in exceptional cases.

11.3 Dress Code

- Matching team jerseys/T-shirts are encouraged. NON-MARKING SPORTS SHOES ARE COMPULSORY for all racket sports (Pickleball, Badminton, Table Tennis). This is a venue (GSC) requirement: non-marking shoes must be carried in and worn INSIDE the court. Shoes worn outside the venue and brought in dirty will NOT be allowed on court, and the player will be refused entry. Jewellery must be removed or taped before play.

11.4 Prohibited

- Alcohol or prohibited substances during the event · unapproved personal equipment · mobile phones in the active hand during play.

11.5 Protests & Escalation

- Match-level disputes: raised with the referee/arbitrator before the next rally or move. Off-field disputes: appealed to the SC within 30 minutes. The SC decision is final and binding.

SECTION 12 · AWARDS & RECOGNITION

Award	Criteria
 Overall Champion	The team with the highest total Championship Points across all five sports
 2nd Place	The team with the second-highest total Championship Points
★ Sport MVP (x5)	Best individual performer — one per sport (Pickleball, Badminton, Table Tennis, Carrom, Chess), voted by the SC
 Winning Team of Each Sport (x5)	The team placed 1st in each sport

SECTION 13 · ACKNOWLEDGEMENT

By participating in the Odyssey Sports League 2026, all players, team owners and representatives confirm that they have read, understood and agree to abide by all rules and regulations set out in this document.
